

Records Retention and Destruction Schedule

This document serves to define specific BlueSky School procedures and processes to ensure compliance. Additionally, it defines specific records and the length of time they will be retained and destroyed. This is consistent with the General Record Retention Schedule for School Districts established by the state Records Disposition Panel pursuant to Minn. Stat. §138.17 and outlined in Policy 3.1. Any updates to this schedule will be approved by the Minnesota Historical Society Records Disposition Panel members.

Special Education Documents:

This record retention schedule has been developed in recognition of the very different nature of the records public school districts generate in the normal course of educating their special education students and to ensure consistency in the maintenance and retention of this information. It supplements, but does not replace, the School District's policy on student records (Policy 3.1).

Special education documents generated after July 1st, 2024 will be filed electronically, with the exception of paper protocols for student evaluation reports. All paper files will be filed and locked in a separate space than other general education files. All paper and electronic files will follow the record retention schedule below. Parents will be notified via the BlueSky website of the record retention policy and a written reminder of the policy will go out yearly to all special education parents. Parents will receive a copy of the School District's Special Education Document Retention Schedule at the student's annual IEP meeting (linked on meeting agendas). This will constitute notice and no further notice will be provided. Records may not be destroyed if there is an outstanding request to inspect the records by the parent or eligible student. Records must be destroyed at the request of the parents if they are no longer needed for educational purposes

Consistent with 34 C.F.R. §300.624, the School District will notify Parents prior to destroying these personally identifiable records according to the schedule below:

**Recipients of *School District General Records Retention Schedule*
revised January, 2000**

Enclosed for the consideration and use of your school district is the revised edition of the *School District General Records Retention Schedule*, which has been approved by the Records Disposition Panel. For important information about the *Schedule*, please refer to the introduction written by Charles Rodgers of the Minnesota Historical Society State Archives Department which can be found following the *Schedule* cover.

Your school district may, or may not, need to complete and submit the Notification of Adoption form enclosed. This depends on the *Schedule* presently in place in the school district.

If your school district has not previously adopted a records retention schedule, or adopted its own approved records retention schedule, and would like to adopt this revised version, two steps must be completed. First, all or part of the *School District General Records Retention Schedule* must be adopted by the school board. Once that is accomplished, the school district must submit the Notification of Adoption form to the Records Disposition Panel. The Minnesota Historical Society will sign and return the Notification of Adoption form to the school district. At that point the school district will have the authority to dispose of records in accordance with the schedule.

In addition, if your school district has been part of a consolidation at any time, and the newly consolidated school district did not adopt the previous version of the general schedule and notify the Department of Administration of that adoption, the two steps set forth in the previous paragraph must be accomplished. Once the school district receives the signed Notification of Adoption from the Minnesota Historical Society, the consolidated school district will have the authority to dispose of records in accordance with the revised *Schedule*.

If your school district adopted the previous version of this general schedule, the school district does not need to complete and submit the Notification of Adoption form. The Minnesota Historical Society will assume that school districts which adopted the previous version will now utilize this revised *Schedule*.

If your school district has not previously adopted a records retention schedule, or developed its own schedule approved by the Records Disposition Panel, and does not adopt the revised *School District General Records Retention Schedule* the school district DOES NOT have authority to destroy records without seeking approval to destroy specific records pursuant to Chapter 138 of Minnesota Statutes. Any destruction of records without prior approval is a violation of the law.

SCHOOL DISTRICT GENERAL RECORDS RETENTION SCHEDULE

Purpose of the General Records Retention Schedule

Records are vitally important to the operation of any organization; they serve as the organization's memory and are evidence of past events and the basis for future actions. When created, maintained and disposed of in an orderly and systematic manner, records can be a tremendous asset; when treated in a haphazard and disorderly manner, they can reduce the effectiveness of an organization and increase its costs substantially.

The purpose of a records retention schedule is to provide a plan for managing governmental records by giving continuing authority to dispose of records under Minnesota Statutes 138.17. The basis of any good records management program is the implementation of a well-developed records retention schedule. A retention schedule is a plan for the management of your records.

This School District General Records Retention Schedule establishes **minimum retention periods** for school district records based on their administrative, fiscal, legal and historical value. It lists record series common to school districts and identifies how long to retain them.

This schedule was originally developed by the Department of Administration and the Minnesota Historical Society in cooperation with the Department of Children, Families and Learning (formerly the Department of Education) and officials from Minnesota school districts. It was funded in part by a grant from the National Historical Publications and Records Commission.

This revised schedule was updated by school district staff, representatives of the Minnesota Association of School Business Officials, Minnesota Association of School Administrators, Minnesota School Board Association, the Department of Administration and the Minnesota Historical Society.

Adopting and Using the General Schedule

1. To begin disposing of records according to the general schedule, you must notify the State Archives Department of the Minnesota Historical Society that your school district has officially adopted the schedule. The enclosed form, "Notification of Adoption of School District General Records Retention Schedule," is used for this purpose.

A school district that has adopted the previous version of this general schedule does not need to notify the Minnesota Historical Society that it is adopting this revised edition of the General Records Retention Schedule for School Districts. It will be assumed that school districts which have adopted the previous version will now utilize this revised version.

2. You may adopt the entire schedule even though your school district may not have all the records listed on it. We recommend that you adopt the entire schedule. However, if this is not possible, you may adopt individual sections.
3. The Minnesota Historical Society will sign and return the Notification form to you. You will then have the authority to dispose of your government records as indicated on the schedule.
4. Compare the records in your office with the records listed on the schedule. Retention periods listed on the schedule represent the minimum length of time that you must retain your records. Once that retention period has been reached, you may either destroy them, transfer eligible records to the State Archives, or retain permanently in the school district. If you need to retain some record series longer than the listed retention, you should establish an agency policy for those records.
5. Records identified on the schedule as historical may be transferred to a local historical society, museum, public library, or interested individual with the specific, written permission of the state Records Disposition Panel.
6. The retention stated on the schedule applies to any form of the record (paper, computer tape or disk, microfilm, optical disk, electronic media, etc.). Especially in the case of electronic records, it is the responsibility of the school district to identify the official record copy in whatever form it is. An official record is a record received or created in the transaction of public business as determined by the school district. However, if you decide to change the form of a record (for instance, you microfilm a paper record) you may not be authorized to dispose of the original record. If you are considering changing the form of a record, contact the Minnesota Historical Society, State Archives Department, 651-297-4502.
7. Data Practices Classifications are effective as of the printing of this retention schedule. Because data practices issues change regularly, classifications may have changed. For current information on data practices, consult Minnesota Statutes, Chapter 13, or call the State of Minnesota, Department of Administration, Information Policy Analysis Division at (651) 296-6733.

Destruction Reporting

After you destroy records according to the general schedule, send a report to the Minnesota Department of Administration and the Minnesota Historical Society (M.S. 138.17, Subd. 7). Use a copy of the enclosed “Records Destruction Report” (RM-00065) for this purpose. This report may be submitted annually or as records are destroyed.

Records not on the General Schedule

Records not listed on this schedule cannot be destroyed without submitting either an “Application for Authority to dispose of Records” (PR-1 form) or a “Minnesota Records Retention Schedule” (RM-00058).

The PR-1 form is used to request one-time authority to dispose of records. A reproducible copy of the PR-1 form is enclosed. Since an approved PR-1 gives you authority to dispose of only those records listed on the form, we recommend that you use the PR-1 only for obsolete records (records no longer being created).

For ongoing authority to dispose of records not listed on the general schedule, complete a “Minnesota Records Retention Schedule.” This form can be obtained from the Department of Administration, Information Policy Analysis Division, (651) 296-6879.

Duplicate Records

This retention schedule concerns itself only with the school district’s official record copy and the retention periods assigned reflect that. It is each school district’s responsibility to identify the official record copy and to identify when to destroy any other copies of identical records, after they have lost their legal, fiscal, historical and administrative value. Duplicate copies need not be retained.

Category Definitions

Record Series Description: A record series is a group of records clustered together because they all relate to the same topic and have the same retention period.

Retention Period/Statute: The retention cited is the minimum amount of time a record must be kept. A number printed alone, e.g. 10, means ten years. The stated retention does not include the year the record originates. For example, if Record A is filed by calendar year and it has a retention of 3 years, the disposal date for 1985 records is January, 1989. Statutes listed here cite specific retention periods for the records series.

Archival: If a Y, meaning yes, appears in this column these records must be retained permanently by the school district, because they have historical value. Records of closed school districts may be transferred to the State Archives for selection and disposition. These include defunct school districts that consolidate or merge with existing school districts and inter-district cooperative centers that dissolve. The records of closed school districts are at particular risk because there is often no clearly authorized custodian except for the State Archives as mandated by M.S. 138.17.

Data Practices Classification: This phrase refers to records classified by the Minnesota Government Data Practices Act or other state or federal laws. The classification system includes: public, private, confidential, nonpublic or protected nonpublic. More than one classification may apply.

Data Practices Statute: This phrase refers to the statute or law which cites the data practices classification of the record series.
